

**Project No.:** 914 080 2882

**SB form-SB Form No.:** 2882 SB 3400-46-03 A

**Aircraft Cirrus SR 20/22 Model G2+G3**

**Service Bulletin**

**General form**

**Contents**

**1. Purpose of instruction**

Some drawings of KIT 2022-50AA have been changed in order to establish a better production process.

**2. Applicability**

Implementation of Avidyne Two Way Iridium Data Link MLX 770 into Cirrus SR 20/22

**3. Description of Changes**

The parts included in KIT 2022-50AA and the position of the label are now shown in drawing 191 011 388\_1. The design of the label shown in drawing 191 011 388\_3 has been changed. It corresponds now exactly to the printed number on the fuselage bracket. Drawing 191 011 388\_4 has also been completed with the equivalent label and its position.

The changes are used for or better production process. There is no effect on the installation of the kit.

**4. Affected Documents (Annex)**

Drawings 191 011 388\_1 Rev. 1  
191 011 388\_3 Rev. 4  
191 011 388\_4 Rev. 1

Minor Major 2882 MM 3400-46-04 A  
Master Record List 2882 MR 3400-46-04 A

**5. Effectivity**

The changes under # 3 should become effective for future orders. Existing Units are not affected.
